Re.: Supporting Tony Andrade by developing contacts to Thai toxicologists

Dear Richard:

Attached you find the abstract for a poster I plan to present at the 2nd Princess Chulabhorn Science Congress "Environment, Science and Technology" in Bangkok in November 1992.

The poster will be based on the same data already approved and presented as a poster at the meeting of the German "GUM" at Sylt in May 1990. The abstract will be submitted on 31 Jul.92 to the organizing committee.

I also attach my letter to A. Andrade dated 28 Jul.92 in order to brief you on the other ongoing activities to support him in developing contacts to Thai toxicologists which may be useful in the near future.

If you have questions, please don't hesitate to contact me.

Best regards,

Roger
